Team Involvement in Demonstration

Date	29 June 2026
Team ID	N/A
Project Name	OptiCrop Smart Agricultural Production Optimization Engine
Maximum Marks	1 Mark

Team Involvement in Demonstration:

This document records the active participation and roles of each team member during the project demonstration. It ensures that every member contributes meaningfully to the presentation and that responsibilities are distributed fairly and clearly.

S.No	Team Member Name	Role in Demo	Section Presented	Contribution Summary	Participation (Active / Passive)
1	Neelima	Solo Presenter & Developer	Complete Demo — Introduction, Problem Statement, Solution Overview, Code Walkthrough, Live App Demo, Results & Conclusion	Independently developed the entire project — EDA, data preprocessing, model training (4 algorithms compared), Flask web app, documentation, and performance testing. Presented the full demo single-handedly.	Active
2	N/A — Solo Project	N/A	N/A	N/A	N/A
3	N/A — Solo Project	N/A	N/A	N/A	N/A
4	N/A — Solo Project	N/A	N/A	N/A	N/A
5	N/A — Solo Project	N/A	N/A	N/A	N/A
6	N/A — Solo Project	N/A	N/A	N/A	N/A

Team Coordination Notes:

Aspect	Details
Team Leader / Coordinator	Neelima (Solo Developer — project completed independently with mentor approval)
Overall Team Coordination Rating (1–5)	5 / 5 — All phases completed on schedule within the 7-day project timeline.
Any Issues During Demo	No — Flask application ran smoothly. All three pages loaded correctly. Live crop prediction returned the correct result (Rice) for the test input values.
How Issues Were Resolved	N/A — No issues encountered during the demonstration.
Solo Project Note	This project was originally assigned as a team project. The team members were inactive throughout the project period. With mentor approval, the entire project was completed independently by Neelima — covering all 5 epics (EDA, preprocessing, model building, application building, documentation) as a solo submission.

Any issues during demo	No
How issues were resolved	N/A
